How to apply

- To apply for a loan, team members can send an email with the comprehensive details of their need to core.team@cogentlabs.co. Someone from the team will get back to you within 1 week.

- Once the loan is approved, the team member will need to collect the loan application form directly from Accounts Team, and will be responsible for arranging the legal stamp paper themselves.

Constraints

- If a team member already has a pending loan with the company, they can't apply for another loan
- If a team member resigns or is terminated from their position before the loan is fully repaid, the outstanding balance will be deducted from their final settlement. Amount exceeding the final settlement amount will have to be repaid 1 week before their last working day. Failing to do this will result in a legal action based on the documentation done for the loan
- Cogent Labs reserves the right to unilaterally accept or reject the loan request. The company is not liable to provide any explanation on their decision

Legal Protection & Security Clauses

Debt Recovery & Final Settlement

If a team member resigns or is terminated before the loan is fully repaid, the outstanding balance will be automatically deducted from their **Final Settlement** (including salary, bonuses, and leave encashment if applicable).

- If the final settlement does not cover the balance, the employee must pay the remaining amount **one week prior** to their last working day.
- Failure to clear the balance will result in Cogent Labs initiating formal legal proceedings for debt recovery.

Signed Promissory Note on Stamp Paper:

A formal, legally binding document shall be executed on legal stamp paper where the team member unconditionally acknowledges the debt and the specific repayment schedule. This serves as an enforceable affidavit in a court of law.

Security Cheque

As an additional security measure, the team member will issue the company a cheque for the full loan amount, made out in the name of Cogent Labs Pvt Ltd. This cheque will be

held securely by the company for the duration of the loan and will be returned to the team member once the loan has been fully repaid.

Non-Waivability

Any delay or failure by Cogent Labs to exercise its rights under this policy or the signed legal documentation does not constitute a waiver of those rights. The company retains the right to pursue all available legal remedies under the laws of the jurisdiction to recover company funds.
